

March 2024

Dear Parent/Carer

To support students with their revision over the Easter holidays and in the final days before the summer exams, we have organised a range of online revision masterclasses which will be delivered by our subject Directors. These expert teachers, many of whom your child may know, will lead hour-long webinars focused on revision and exam techniques and specific topic areas, covering both foundation and higher papers where applicable. They will complement the revision activities students should already be completing and are in addition to any sessions being provided by our school.

You can access these sessions at any time on our academy website, www.hindley.outwood.com under the link 2024 Masterclasses.

These can be accessed at any time.

You can also follow this link directly to the masterclasses:
